ARTICLE I SUMMARY

This Plan of Reorganization (the "Plan") under chapter 11 of the Bankruptcy Code (the "Code") proposes to pay creditors of the Debtor from future income of the Debtor derived from rental income generated from the real property that the Debtor owns as well as other income from the Debtor's employment and alimony.

This Plan provides for 29 classes of secured claims and no classes of unsecured claims. Unsecured creditors holding allowed claims will receive distributions not less than the projected disposable income of the Debtors to be received during the five-year period beginning on the date that the first payment is due under the Plan. However, as the Debtor received a Chapter 7 discharge just prior to the filing of the case, the Debtor does not anticipate the payment of any unsecured claims. This Plan also provides for the payment of administrative and priority claims either upon the effective date of this Plan or as allowed under the Bankruptcy Code. All creditors should refer to Articles II through VI of this Plan for information regarding the precise treatment of their claims. A disclosure statement that provides more detailed information regarding this Plan and the rights of creditors has been circulated with this Plan. **Your rights may be affected. You should read these papers carefully and discuss them with your attorney, if you have one. (If you do not have an attorney, you may wish to consult one.)**
